STRIPPERS

FCS5AC RIP-R-STRIPPER® FLOOR COVERING STRIPPER

The FCS5AC RIP-R-STRIPPER is a highly productive solution for removing a wide range of floor covering materials found on both commercial and DIY projects. Its small size and light weight design makes it highly productive in hard to reach areas such as bathrooms, closet areas and stairways. The FCS5AC works circles around larger stripper machines that lack the same agility and maneuverability. Use it to also remove accumulated layers of thick wallpaper or other strippable materials from vertical surfaces. The ergonomically designed handle enhances balance and helps reduce vibration levels. Adjusts for use under toe-kick panels. The 5 inch (127 mm) scoring blade can be used to remove coverings from both wood and concrete surfaces.

FEATURES

- Two position operator handle
- High capacity elastomeric mounts
- Auto-Stop® carbon brushes
- Integral current interruption protection
- Paddle-type ON/OFF switch

SPECIFICATIONS

Operating Environment	Nonhazardous type locations
Electric Motor	1400 W, 115 VAC, 60HZ, 12 amperes
Nominal Diameter	3100/minute
Extension Cord	16-2 SJ x 8 foot (2.4 m) length
Dimensions	15" (381 mm) L x 5" (127 mm) W x8" (203 mm) H (handle extended, w/blade)
Weight	9 lbs (4.1 kg), less blade
